

● Specification Sheet

● Basic Information

Company name:	envoPROTECT
Product name:	envoBRIQ
Type of briquette:	Fiber Residue
Type of application:	All industrial applications for solid fired boilers and furnaces & industries using coal for heating purposes

● Product Properties

Gross Calorific Value (GCV):	5000-5500 Cal/g
Moisture content:	1.98% by Wt
Ash content:	10.94% by Wt
Sulphur content:	0.17% by Wt
Diameter:	60 mm
Length:	15- 180mm
